Other Tutor Notes:

When you teach Laubach 1, Lesson 5, make sure to do the top of p. 45 of the Teacher's Manual: Review of Vowels and Consonants. We want to make sure if they know vowels, then the other ones are consonants.

If your student watches Wheel of Fortune on TV, they may be familiar with rolling the wheel and asking for a letter (consonants). But the vowels always cost money. Talk about this game with your student if they've seen it.
